Connecticut Students for a DREAM(C4D) is a statewide organization of DREAMers and allies that seeks to empower undocumented students and their families by advocating for their rights and raising awareness about the issues they face.

*This statewide network of DREAMers and allies seeks to accomplish three main goals:
Empower, Educate, Advocate*

We promote equal access to higher education and work toward a more just society where undocumented immigrants are not discriminated against because of their status, exercise self-determination, and achieve their full potential.

If you would like to get involved with our organization, receive updates from us, or have any questions or concerns, please contact us!
